Assistant Director for Operations

4 June 1956

Acting Chief, PRID

Long Term Loan of Equipment to BBC/MS

1. The BBC Monitoring Service needs four radio communications receivers of American manufacture of a specific type, with a total value of about \$3600. These receivers will enhance the Monitoring Service operation and will improve the net product available to FEIS. Since BBC does not have dollars with which to purchase American equipment, it is proposed that PRID furnish the receivers to its London Bureau, for issue in turn to the BBC/MS on memorandum receipt.

2. Your concurrence is requested.
